Letter from the Yearbook Advisor

I want to take the time to thank the Yearbook Committee for working rigorously through the school year to create this year's yearbook! This entire yearbook is from their efforts and their attention to detail. The committee is composed of students from all grades. Throughout the school year the students were assigned individual pages to create a story that is displayed in a scrapbook fashion as if you were viewing it throughout the 2023-2024 school year. The Story of the Green Wave Mounties.

As you read through the book take a step back to remember the days you may not focus on reading each and every page. You may not realize it now but in 10, 25, or even 50 years from now you will periodically glance through these pages and remember all of your great times here at MSJ. Trust me, I know the Class of 1974 would tell you that! *Director of Development & Alumni Relations intel*

I wish the Class of 2024 the best of luck, your leadership, drive, and care for this school will not be forgotten. I wish you the best in your future endeavors. Please know MSJ is only a phone call or letter away. I hope in the future you will be calling MSJ back to receive help on planning your High School Reunion!

May your Spirit for the Green Wave never stop in everything you do!

All my best,
Carly Ward

DEDICATION

Mr. C,

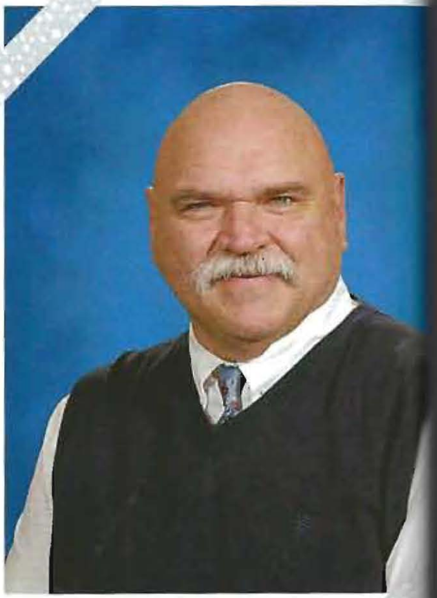
We have dedicated our yearbook to you to show our appreciation for how dedicated you have been to us in your short two years with us. Although you have not been with us since "day one", you have been with us through thick and thin.

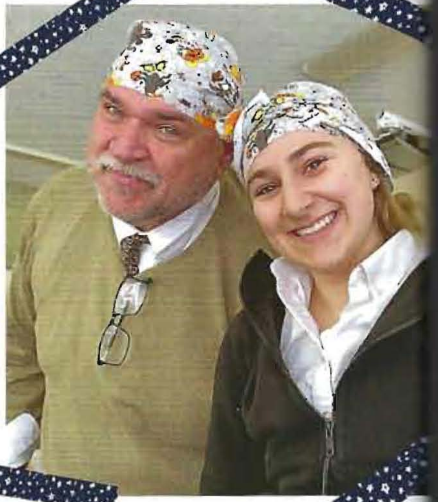
We are grateful to be able to come to you with ideas and issues we have. You are always looking for a solution to a problem and looking to better us and our school. You are always there for the students and will keep it real with them (no sugar coating).

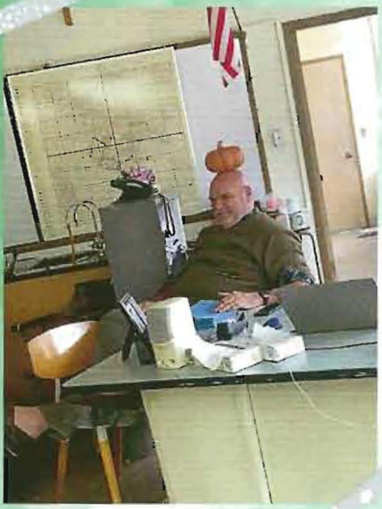
We also want to thank you for coming out of retirement to spend your time with us (we know we are a blast to be around). You truly go above and beyond with your students and always make time to help the school even though you are already busy.

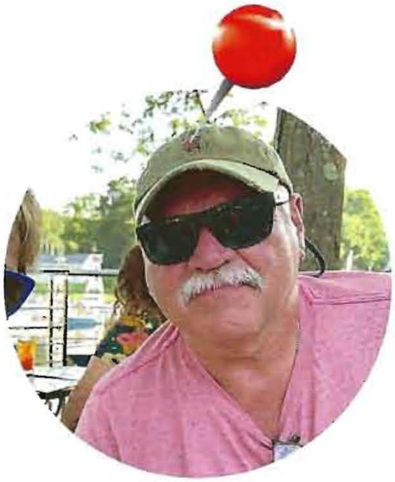
The class of 2024 will never forget you and you will always be in our thoughts. We would also like to give you one last thank you for everything you have done for not only us, but our futures.

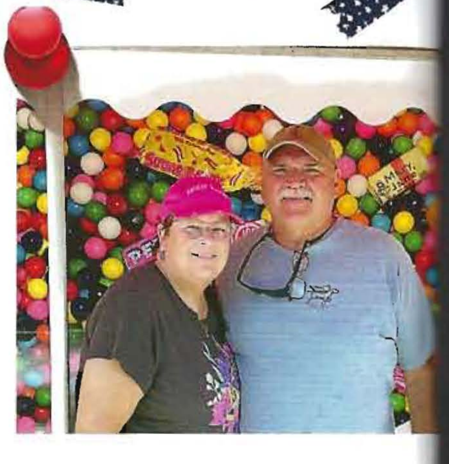
Sincerely,
The Class of 2024











Letter From The Editor

When sitting down to write this I had no clue what to write. I looked at past yearbooks and thought that many were long and boring to read, so in turn, I will keep this short and sweet. Coming to MSJ my sophomore year, I was a part of no clubs and really was not a part of my past school. I was talked into joining the Yearbook Club. I personally did not work on the yearbook itself but worked on painting pumpkins for fundraising and taking MANY pictures for the book. Over the years I have worked and risen up in the rankings, and I have to admit, Yearbook is one of the most stressful clubs to be in but also one of the most fun. I would not change a thing that I have done in the past three years in this club (although I have wanted to rip my hair out on MULTIPLE occasions). Thank you MSJ for all of the opportunities that you have given me that made me the person I am today. I also want to thank Sally Hogan who was my Yearbook advisor for two of the three years and my assistant editors (who I could not have done anything without) Elizabeth Williams and Sarah Jane Gregory.

Thank you all for three awesome years,

Lauryn Charron '24
